

PRINTERIOR

670 Goddard ave, Chesterfield MO 63005

SORT MATERIAL

We currently accept PLA and PETG. If you are looking to recycle another find of filament please contact us.

When sorting your material

- Place each kind of plastic into its own **labeled** bag or container
- Varieties of PLA and PETG must be separated as well (PLA+, Wood or Fiber filled, Glow in the dark, etc).

Shipping or Drop off

Drop off is free at our St. Louis location.

If you are looking to ship your material please include the contact information label inside your box.

Our shipping address:
670 Goddard ave
Chesterfield MO 63005

FAQ

Can I include pieces with post processing?

- If the parts have paint, glues, or bed adhesives we can not accept them. If it can be washed off before shipping please do so.

Do you accept spools?

- At this time we do not, but we are hoping to start a program for this in the future

Should I sort by color?

- This is not necessary, but it is helpful.

Do you have a minimum recycling weight?

- We do not currently have a minimum weight requirement for sending us your waste.

If you are a business or educational institution, please contact us about organization recycling options
